To Whom It May Concern,

I understand your dept proposes to disallow the use of options in one's self directed IRA's.

I, for one, depend entirely on the use of call option sales to generate income in my two IRA accounts. Eliminating this ability would severely dampen my ability to grow my IRA balances to the needed level for my retirement. Frankly I do not understand the logic in your proposal and strongly disagree with the government meddling in my personal affairs.

Pls consider this email as a vote against your proposal

Thank you
